South West Region,  
Cameroon

Dear sir,

### AN APPLICATION FOR PERMIT FOR A DELIVERY MOTORCYCLE IN BUEA

I am writing to you with much delight as I hope to obtain this permission from your municipality. I am a young entrepreneur and a master's student at the university of Buea. I and my partner recently started an egg business and it is growing beyond my local neighborhood, due to this, I and my partner sought to make transportation and supplies of our product easier and we were able to purchase a motorcycle.

Considering the delicate nature of eggs and inaccessibility of taxis to all areas, portability and delivery will be much easier and safer with the help of this delivery bike. We hope to purchase a delivery truck in the new future, due to limited capital, we decided to start with a motorcycle so we can satisfy all our growing customers in a timely manner while minimizing the risk of damaging the products. The eggs are currently sold from a provision store at Bonduma with taxpayer identification number **P036716427490C**.

We will be very grateful if this permission is granted and we do believe this will help business grow to another level. We remain enthusiastic about this new phase of our business and optimistic of your response.

Thank you in advance.

Attached to this application are:

- Photocopy of ID card
- Photocopy of purchase receipt
- Photocopy of receipt of registration request
- Photocopy of stores taxpayer receipt for 2023
